

Victorian Spatial Summit and Surveying Expo 2009

The Victorian Spatial Summit and Surveying Expo was held over two days on Thursday 27th and Friday 28th August at the Melbourne Convention and Exhibition Centre (Jeff's Shed).

Day 1 provided delegates with presentations covering a large range of topics across the spatial field, the highlight being the Victorian Bushfires. Eddie Cichocki from the Victorian Bushfires Surveying Taskforce, Nic Moore from Survey21 and Elvin Slavik from Maptel provided a great overview of the recovery efforts made by spatial scientists throughout Victoria.

Day 2 of the expo focused on surveying and planning issues including urban growth boundaries, Aboriginal heritage, Owners Corporations and updates from DSE and FIG.

The Owners Corporation workshop chaired by Tim Dole, provided delegates with a rare opportunity to not only speak with colleagues in an open forum, but question experts from Land Registration Services, Owners Corporation Victoria and Private Industry.

Gold Sponsors **C R Kennedy & Company**, **Ultimate Positioning** and **Position Partners** provided us with some half time entertainment showcasing their new total station and GPS equipment.

Special thanks go to the organizing committees from ISV and SSSI including **Ed Young**, **Pat Murnane**, **Scott Jukes**, **Robyn McCutcheon**, **Rod Flynn**, **Lindsay Perry** and **Chris Karambela** whose efforts made the two days successful.

We continue to seek feedback from all our members on how to make the day beneficial to all and if you couldn't make it this year, we hope to see you in 2010.

Alisha Taubman
 Spatial Summit & Surveying Expo Organising Committee

The ISV Committee also extends its thanks to Alisha in her role on the Organising Committee.
